DETAILED ACTION

Receipt is acknowledged of the amendment filed 07/12/2004.

Allowable Subject Matter

Claims 1-18, 23-39 are allowed. The prior art involves a second emulsification process once the particles are formed. Also, prior art method require additional mechanical processing. The lack of either distinguishes the instant claims from the prior art.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Cancellation of the non-elected claims would place the application in condition for allowance.

Conclusion

This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims 19-22.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
